SUMMARY

Full Stack Developer with hands on experience in building scalable web applications using React.js, Next.js, and Spring Boot. Experienced in developing RESTful APIs, integrating databases, and delivering responsive, user-friendly solutions. Passionate about learning modern technologies and building real-world products.

EXPERIENCE

Software Developer Intern

Mar 2025 – Sep 2025

Frigate Engineering Services Pvt Ltd

Trichy

- Developed a real-time monitoring application using **Next.js**, **React**, and **Spring Boot**, using **Zustand** for state management to track workflow updates.
- Built and integrated **REST APIs** with **MongoDB**, implementing **CRUD operations** and ensuring reliable data storage.
- Worked with **GitHub pull requests**, resolved review comments, and collaborated with the team lead during deployment cycles.
- Improved UI responsiveness by applying modern frontend practices to support multiple screen sizes.
- Acted as **SPOC** for the module, coordinated updates within the team, and performed **manual testing** before delivery.

PROJECTS

Kanban Board | *React.js, TypeScript, Tailwind CSS, dnd-kit*

Personal Project

- Developed a Jira-inspired Kanban workflow dashboard with advanced drag-and-drop interactions using React and TypeScript.
- Implemented dynamic **task and column management** with reusable UI components.
- Used **@dnd-kit** for smooth drag interactions and Tailwind CSS for modern responsive UI.

HealthLink Pro | *MERN Stack, Tailwind CSS*

Academic Project

- Developed a healthcare web app with **patient and doctor dashboards** using MERN stack.
- Implemented appointment booking, prescription management, and secure login workflows.
- Integrated React UI with **Node.js**, **Express APIs**, and **MongoDB** for CRUD operations.

EDUCATION

Erode Sengunthar Engineering College

Erode

B.Tech Information Technology (CGPA: 7.9/10)

Oct 2021 – Apr 2025
